FORT YATES, Dak., June 11.- The greatest tempest ever known in this part of Dakota passed over this point at two o'clock Saturday morning. AN INDIAN PROPHECY.

The Manner in which the Words of Pueblo Sage are Being Fulfilled. The Pueblo Indians, a peaceable, orderly and industrious race of people, who have inhabited the valleys and plains of New Mexico for nobody knows how many centuries, have a tradition among them that has been handed down from remote ages, and which, as related to us by an old man of the tribe, is substantially as follows: "The great prophet told our fathers that after many ages the white man would come from the land of the sunrise, and would destroy our burro trails and make in their stead long roads of iron, which should have neither beginning nor ending, and upon these he should ride in great wagons of fire, enveloped in clouds of smoke, and followed by rumbling thunders. And when this should come to pass, he said, we should know it was a sign from Dios that the rains should come in the spring and early summer, and tials, John F. Dunn; permanent organization, the corn should grow without the acequia; that the arid plains should put forth grass, and flowers should bloom

on the barren hills." In the usual way of interpreting these mystic sayings this prophecy has been fulfilled to the letter. The white man has brought his iron road, and, within the comprehension of the simple-minded Pueblo, it has neither beginning nor end-it comes from unknown and goes to unknowable-he sees the great wagon of fire, with its cloud of smoke, thundering by, but he "knows not whence it cometh nor whither it goeth." Now, will the remainder of the prophecy be fulfilledwill that of which this was to be the sign come to pass also? The signs of the times certainly point that way. secretary, Urey Woodson; resolutions, Henry | For several years past people have remarked that "the climate is changing," and in no year has this been more noticeable than the present. March and April, which have always been reckoned as two of the dryest months in the year, have this season been marked by frequent showers, and the grass is now growing luxuriantly in many places which usually show no color of green till after the "rainy season" in July and August. Who knows but the Great Prophet of the Pueblos was inspired by the real divine afflatus, and that upon his shoulders has fallen the mantle of Elijah?-Albuquerque (N. M.) Democrat.

770 Broadway, New York, March 17, 1886. I have been using Allcock's Porous PLASTERS for 20 years, and found them one of the best of family medicines. Briefly summing up my experience, I say that when placed on the small of the back ALL-COCK'S PLASTERS fill the body with nervous energy, and thus cure fatigue, brain exhaustion, debility and kidney difficulties. For women and children I have found them invaluable. They never irritate the skin or cause the slightest pain, but cure sore throat, croupy coughs, colds, pain in the side, back or chest, indigestion or bowel C. D. FREDRICKS.

THE OUTGROWTH OF A VAST EXPERIENCE.

The treatment of many thousands of cases of those chronic weaknesses and distressing ailments peculiar to females, at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has afforded a vast experience in nicely adapting and thoroughly testing

It is not recommended as a "cure-all," but as a most perfect Specific for woman's peculiar diseases. spondency.

Dr. Pierce's Favorite Prescription is a legitimate medicine, carefully compounded by an experienced and skillful physician, and adapted to woman's deficate organization. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. As a powerful, in-TONIC.

vigorating tonic, it imparts strength to the whole system, and to the uterus, or womb and its appendages, in particular. For overworked, "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally. Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic. It promotes digestion and assimilation of food, cures nauses, weakness of stomach, indigestion, bloating and eructations of gas.

In pregnancy, "Fa-vorite Prescription" is a "mother's cordial,"

As a soothing and strengthening nervine, "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, exhaustion, prostration, hysteria, spasms and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.

TREATING THE WRONG DISEASE.

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from nervous exhaustion, or prostration, another with pain here or there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he prescribes his pills and potions, assuming them to be such, when, in reality, they are all only symptoms caused by some womb disorder. The physician, ignorant of the cause of suffering, encourages his practice until large bills are made. The suffering patient gets no better, but probably worse by reason of the delay, wrong treatment and consequent complications. A proper medicine, like Dr. Pierce's Favoritz Prescription, directed to the cause, would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery.

PHYSICIANS
FAILED.

Mrs. E. F. Mobban, of No. 11 Lexington St., East Boston, Mass., says: "Five years ago I was a dreadful sufferer from uterine troubles. Having exhausted the skill of three physicians, I was completely discouraged, and so weak I could with difficulty cross the room using the local treatment recommended in his 'Common Sense Medical Adviser.' I commenced to improve at once. In three months I was perfectly cured, and have had no trouble since. I wrote a letter to my family paper, briefly mentioning how my health had been restored, and offering to send the full particulars to any one writing me for them, and enclosing a stamped-envelope for reply. I have received over four hundred letters. In reply, I have described my case and the treatment used, and have earnestly advised them to 'do likewise.' From a great many I have received second letters of thanks, stating that they had commenced the use of 'Favorite Prescription,' had sent the \$1.50 required for the 'Medical Adviser,' and had applied the local treatment so fully and plainly laid down therein, and were much better already."

Retroverted Womb.—Mrs. Eva Kohler, of Crab Orchard, Nob., writes: "Dr. Pierce's Favorite Prescription has done me a great deal of good. I suffered from retroversion of the uterus, for which I took two bottles of the 'Favorite Prescription,' and I am now feeling like a different woman." Boctors Pailed.—Mrs. F. Corwin, of Post Creek, N. Y., writes: "I doctored with three or four of the best doctors in these parts, and I grew worse until I wrote to you and began using your 'Favorite Prescription.' I used three bottles of it and two of the 'Golden Medical Discovery,' also one and a half bottles of the 'Purgative Pelleta.' I can do my work and sew and walk all I care to, and am in better health than I ever expected to be in this world again. I owe it all to your wonderful medicines."

Well as I Ever Was.—Mrs. John Stewart, of Chippens Palls, Wis., writes: "I wish to inform you that I am as well as I ever was for which I thank your medicines. I took four bottles of the 'Favorite Prescription' and one bottle of your 'Discovery' and four bottles of the 'Pellets.' All of the bad symptoms have disappeared.
